

I have just recently found out about KLOVE radio. My teenager loves it as do I. I have only heard Christian stations that play hymns. the music KLOVE plays is refreshing. I know I can leave the room when my 7 year old is listening and not worry about lyrics and subject content. It has filled a void I didn't realize I had. the subject matter is up with whats going on today without being preachy. KLOVE is to radio what Mr.Rogers is to T.V. ALL of the public, at any age, can enjoy it. Please keep up the good work KLOVE :)
